

# Women IN HEALTHCARE

## Sponsorship Opportunities

Women in Healthcare was started to meet the growing need of a professional development group for women in the healthcare industry. Designed to foster growth and mentorship, Women in Healthcare's national organization supports women by promoting professional development, empowering one another, and networking through business.

Founded in March 2019, Texas is one of 21 Women in Healthcare chapters in the United States and Canada. We plan for four in-person programmed events per year as well as membership events, mentoring groups, virtual gatherings and connection to our sister chapters.

Your company can help grow the Texas chapter of Women in Healthcare. Our sponsorship levels below give you the opportunity to grow your network and promote your company. Please join us!
